STRAY COLT FOUND.

There was found in the Coach-yard of Alexander Miller, winter in Stirling, about six weeks ago, a DARK BROWN COLT, about a year old; and application having been made, by the Procurator Fiscal, to the Magistrates of Stirling, regarding it, they appointed advertisement thereof to be made, intimating, that unless the said Colt is immediately claimed, it will be sold to defray the expense of its maintenance, and of legal proceedings.

A MARE TO BE CLAIMED.

A BLACK MARE was put up in the stables of David Paterson, Rafter, Candlemaker Row, Edinburgh, to remain a few days till called for. The mare was left by a person who was to appearance an English Rider, and said he travelled for Messrs. Hubberts & Co. merchants or haberdashers, London, but he has never called again, nor can any intelligence be got of him.

Any person claiming the said mare, and proving the property, will have her returned upon paying all expenses. If not claimed within one month from this date, she will be sold to pay the expenses incurred. Edinburgh, May 31, 1798.

The premeditated and deliberate manner in which the shop appears to have been broken into, renders the detection of the offenders an object of importance to every one who would wish to preserve their property. In order, therefore, the more effectually to lead to a discovery, a Reward of THIRTY GUINEAS is hereby offered to any person who will, within six months from this date, give such information to the said William Scott, as shall be the means of leading to a discovery; to be paid on conviction, and the informer's name concealed, if required. WHITEHALL, May 29, 1798.

DISPATCHES, of which the following are copies, have been received from his Excellency the Lord Lieutenant of Ireland by his Grace the Duke of Portland, his Majesty's Principal Secretary of State for the Home Department.

DUBLIN CASTLE, MAY 24, 1798.

MY LORD,

The intelligence contained in my last dispatches must have prepared your Grace to hear of some attempts being made by the rebels to carry their traitorous designs into execution, before every possibility of success was destroyed by the vigorous measures which have lately been pursued.

For some days orders had been issued by the leaders of the United Irishmen, directing their partizans to be ready at a moment's notice, as the measures of Government made it necessary for them to act immediately. Yesterday information was received, that it was probable the city and the adjacent districts would rise in the evening; subsequent information confirmed this intelligence. In consequence of which, notice was sent to the General Officers in the neighbourhood, and Dublin was put in a state of preparation. The measures taken in the metropolis prevented any movement whatsoever, but I am concerned to acquaint your Grace, that acts of open rebellion were committed in the counties of Dublin, Meath, and Kildare. About half past two o'clock this morning, there was a regular attack made by a rebel force upon the town of Naas, where Lord Gosford commanded, with part of the Armagh militia, and detachments of the 4th dragoon guards, and ancient Britons. The rebels consisted of about a thousand men, armed with muskets and pikes, and they made their attack with regularity, but were soon repulsed by the Armagh militia, and then charged and pursued by the 4th dragoon guards, and ancient Britons, and I understand their loss amounted to near 200. Two officers and a few privates have been lost of his Majesty's forces. It gives me pain to relate that a small detachment at the town of Prosperous has been surprised, and a detachment at the village of Clare cut their way to Naas, with some loss.

There was also an attack on a small party of the 9th dragoons, near Kilkullen, which suffered; but in the course of the day, Gen. Dundas was enabled to come up with a considerable body of the rebels near the hills of Kilkullen, where they were entirely routed, with the loss of two hundred men. There were also several bodies collected last night in different parts near Dublin, which was attacked by the Rathfarnham Cavalry, and by a detachment of the 5th dragoons, and dispersed with some loss, and some prisoners and horses were taken. A rebel party however assembled at the borders of the county of Dublin, near Dunboyne, and overpowered some constables, and afterwards took the baggage of two companies, guarded by a small party of the Reay Fencibles, coming to town, and have, during the course of this day, committed many outrages; several of them however have been killed, but the body remains undispersed. The city is tranquil, and I have no doubt will remain so this evening, and I trust that to-morrow we shall entirely disperse that body of insurgents which has not been entirely routed to-day.

I must add, that the mail coach going to the north was attacked, within a few miles of Dublin, by a select party of rebels, who burnt it, and the mail was also attacked in the town of Lucan, but the rebel party was driven off before its destruction was effected.

In consequence of this desperate conduct of the rebellious, I issued the inclosed proclamation, with the advice of the Privy Council.

I shall in a future dispatch detail to your Grace the particular services which have been performed, but at present I am not furnished with regular reports, except from Lord Gosford, who appears to have acted with great firmness and decision.

I am, &c. &c. CAMDEN.

His Grace the Duke of Portland, &c. &c. &c.

[This Gazette also contains a letter from Lord Viscount Gosford and Major Wardle to Lieut. General Lake—a letter from Lieutenant General Dundas to Lord Viscount Castlereagh—and a proclamation from the Lord Lieutenant of Ireland—all of which appeared in our last.]

MAY 30.

The public will recollect to have heard it stated last week, that Sir Richard Strachan's Squadron was bombarding Havre. The following are the circumstances of the affair:

Sir Richard Strachan having placed his bomb vessels near the town of Havre, sent a message to the magistrates that he had no wish to destroy it; that his object was to get at the gun vessels lying in the river, that if they would deliver them up to him, he would not fire another shot. Just before he sent this message, he threw one or two bombs into the town, to prove to the inhabitants that his shot could reach it. This gave rise to the report that our ships were bombarding Havre. The result of this negotiation with the magistrates of the town is not known.

Mr Pitt yesterday entered into the 40th year of his age, on which occasion a sumptuous entertainment was given at Mr Dundas's house at Wimbledon.

The following is an account of the death of Colonel Hely, of the 11th regiment, as communicated to us by an officer in the guards:—After the English had surrendered, a French officer began to strip him of his epaulettes and watch; the Colonel took a pistol from his waistcoat pocket, and shot him; upon which some French soldiers immediately killed him.

NAUTICAL INTELLIGENCE.

Yesterday arrived at Portsmouth, the *Niger* frigate, Captain Scott, from the coast of France; and has brought home several men who were wounded at the bombardment of Havre.

The Channel fleet sailed from Torbay on Monday last with a fine breeze at N. E. On the same day three ships of the line sailed from Plymouth, to join them. Lord Bridport, in the *Royal George*, of 100 guns, accompanied by the *Captain*, of 74, was expected to join them from the Sound in the course of a day or two.

Accounts from Brest, of the 8th inst. state, that another 84 gun ship, commanded by Captain de Failly, has been lost on her passage through the Ratz; but this report stands in need of confirmation.

By letters received in town by the last Lisbon mail, we learn that about 12 English privateers which had been fitted out at Gibraltar, had taken several valuable prizes, amounting in number to 130, which for immediate security they had carried into Malta. This port was, before they could carry off their prizes, blockaded by a French force. His Majesty's ships *Medusa* of 50 guns, the *Inconstant* frigate of 36 guns, and *Le Bonne Citoyenne* of 24 guns, were then dispatched to relieve the privateers, and to assist them in bringing away their prizes. When they had reached the place of their destination, and before they could effect the service on which they were dispatched, another French force still more superior, succeeded in blocking up the frigates.

In consequence of this intelligence, Sir Horatio Nelson was dispatched with ten fail of the line, as well to relieve the blockade of the privateers and the frigates, as to watch the operations of the Toulon fleet.

Lady Caroline Montague, daughter of the Duke and Duchess of Buccleugh, gave a grand public breakfast yesterday to upwards of 100 of the nobility at Montague House, Privy Gardens. The Duke of York's band played during the company's stay. The entertainment was under the management of, and well conducted by her Ladyship's sister, Lady Stopford.

A disagreeable circumstance happened yesterday at Lady Montague's public breakfast. A number of spectators attended to see the company, to prevent the intrusion of whom the officers from Bow Street were placed at the doors; a man of the name of Burrows, a shoemaker, in Cannon Row, Westminster, having made some remark which gave offence to Townsend, the police officer, warm words arose, and a scuffle ensued, when the officer stabbed him in the face with a sharp weapon in the head of his cane, thrown out by a spring. The man, who was almost instantly covered with blood, was taken home to his house; but we do not understand that the wound is likely to prove mortal.

The Duke of Bedford has enrolled himself as a private in the Bloomsbury Association. In the same corps the Lord Chancellor is a corporal, and Mr. Denett, of the House of Hammerlet, a serjeant. The Captain, Sir John Riggs Miller, we are sorry to state, dropped down in St. Martin's-lane, on Monday last, in a fit, and expired immediately. He attended divine service on the preceding day in perfect health.

A report was circulated last night that Mr O'Connor had been rescued, on the road to Dublin, after his attendance on the *Constitution*. We do not believe, however, that there was any foundation for this rumour.

We understand that a warrant has been sent down to Maidstone, for the execution of O'Coigley on this day.

The unfortunate O'Coigley was above five years since a parish priest in Dundalk, in Ireland, at which time he was much beloved by his parishioners. His excursion to the Continent appears to have been of much later date.

The press upon the river, in consequence of the aft which passed on Friday last, has ever since been very general. Near 2000 useful hands have been picked up, among whom are many watermen. A seaman who resisted a press-gang below the Bridge was killed, on Friday night, and his body landed at St Catherine's Stairs to be owned.

The whole of the English taken at Offend have been removed to Bruges and Ghent, except Surgeon Parlett, Assistant Surgeon Latta of the 11th regiment, and Assistant Surgeon Fullaire, of the Coldstream Guards, who are left at Offend with the wounded.

On Sunday the 20th ult. the house of Mrs. Moody, shopkeeper at Bramshaw, was discovered to be on fire—and on the neighbours entering, with a view of rescuing the old Lady from the flames, a groan discovered to them that she was under a bed, which had been thrown over upon her; she was with difficulty extricated and carried out of the house, which was shortly after completely burnt down, and it was found that she had been so dreadfully beat on the head as to leave little hope of her recovery. These circumstances plainly indicated that some villain had attempted to murder her, and had set fire to the house to conceal the atrocious deed. Every possible enquiry was made to discover the guilty party, and different persons were apprehended on suspicion, but as Mrs. Moody continued senseless and speechless, no discovery was made; on Thursday however, she was sufficiently recovered to complain of the ill treatment she had received, and being asked if she could tell from whom she had received it, she mentioned the name of Charles Prince. Captain Orr, whose humanity and activity on this occasion have been highly conspicuous and commendable, immediately apprehended Prince (a labourer in the parish, a cut-throat, and in debt to the unfortunate woman) and on his being brought to her, she looked at him, and said, "he believed he was the man;" being asked if he was sure? she repeated "he believed it was him;" and as she grew faint it was deemed improper to press her to speak farther. Prince was taken before a magistrate at Romsey, and committed to goal for examination.

Letters from Benares in the East Indies, give the pleasing account of Sir James Craig and his suite having arrived there in perfect health, and after a short repose from their fatigue, proceeded on their journey to Cawnpore, where Sir James will assume the command of the army serving beyond the provinces.

A letter from Rastadt says, that Count Cobenzel is not only commissioned to hasten the conclusion of peace between France and the Empire, but to promote a new negotiation between France and England. May the Count be successful!

The *Hamburg* mail, which bore due this morning, arrived in course.

The Rastadt article is dated on the 16th, 17th, and 18th inst. The first of these dates contains the answer of the deputation of the Empire to the last propositions of the French Ministers. In this the deputation accedes partially to some of the terms proposed. It contents that the course of the Rhine shall be considered as the boundary, but that the islands, instead of belonging wholly to the French, shall belong to that party in whose half of the river they are situated. The other propositions are modified in a similar manner.

It appears that Buonaparte has at length notified that it is not his intention to repair to Rastadt. The Minister Treillard was to have left the Congress this day, to take his seat in the Council of Ancients.

Letters from Balle of the 16th inst. give an account of great disturbances having broken out in several parts of Switzerland, and of a decree having been passed by the Legislative Body at Aarau, in consequence of an attack upon Citizen Mengaud, that any attack upon a foreign Minister shall be deemed high treason.

By this mail we receive intelligence from Paris, through the channel of the *Leyden Gazette*, of the date of the 16th inst. By this it appears that Treillard has been chosen as the new Director, in the room of Francois de Neufchateau.

Citizen Sieyes has been appointed French ambassador to the Prussian Court, in the room of Citizen Caillard, who goes to Sweden in the same capacity. The former has accepted this appointment, and will soon set out for Berlin. His commission is said to be of the utmost importance.

Neither Tallien nor Merlin of Thionville have been elected deputies. The number of annulled elections amounts to 50.

Citizen Boniface, keeper of the Temple prison, is to be tried by the Criminal Tribunal, on a charge of misconduct relative to the late escape of Sir Sydney Smith.

General Grenier is shortly to sail from Dunkirk with the troops destined for the invasion of England. The corps which were hitherto in cantonments at St Omer, Bethune, Arras, &c. have marched to the coast.

A letter from Milan, dated May 7th, says, "Lord Bristol, the Bishop of Derry, who is a prisoner here, will be tried by a Council of War."

The eldest daughter of General de la Fayette was on the 14th married to Charles Maubourg, jun. at Hamburg. The French, American, and Dutch Consuls, &c. were present at the ceremony. The General, his son, recently arrived from America, Latour Maubourg, and his sisters, immediately after returned to their residence at Ploen, where Madame de la Fayette was confined to her bed by an illness contracted in the dungeons of Olmutz.

Extract of a letter from Captain SCORIE of the Reay fencibles, to Lieutenant-General LAKE, dated Dunsfaghlin, Sunday morning, May 27, 1798.

"The division, consisting of five companies of his Majesty's Reay regiment of fencible infantry, which I have the honour to command, arrived here yesterday morning, according to route, accompanied by Lord FINGAL's troop of yeomen cavalry, Captain PRESTON's troop of cavalry, Lower Kells yeomen cavalry, and Captain MOLLOY's company of yeomen infantry.

"At half past three, P. M. I was informed that considerable force of the rebel insurgents had taken station on Tara-hill, I instantly detached three companies of our division, with one field piece, and the above corps of yeomanry, to the spot, under the command of Captain McLEAN of the Reays; the issue of which has answered my most sanguine expectation.

"The rebels fled in all directions; 350 were found dead in the field this morning, among whom is their Commander, in full uniform; many more were killed and wounded.

"Our loss is inconsiderable, being nine rank and file killed—sixteen rank and file wounded."

DUBLIN CASTLE, MAY 28, 1798, 1 O'CLOCK, P. M.
Extract of a letter from Col. CAMPBELL to Gen. DUNDAS, dated Athy, May 27, 1798.

"Since my last communication we have killed fifty of the enemy.

"The rebels have suffered considerably in an attack on Carlow and Monasterevan; upwards of four hundred of them killed at the former, and sixty-five at the latter, with little or no loss to the King's troops.

"Our men are in high spirits."

DUBLIN-CASTLE, TUESDAY, MAY 29, 1798.

"Yesterday advices were received from Lieut. Col. FOOTE, of the North Cork regiment of militia, that having advanced with 100 men against a very numerous body of rebels, his party was attacked when exhausted by the length of their march, and, after killing a great number of the enemy, it was almost entirely cut off.

"Late in the evening Gen. LAKE arrived from Kilkullen, where he received the unconditional submission of a body of rebels amounting to near four thousand, who after having delivered up their arms, and seven persons who were their leaders, were permitted to return into the King's peace. Their sorrow and repentance seemed complete.

"The town of Kildare, and the adjacent parts have also begged to make an unconditional submission."

DUBLIN, May 28.

Among the discoveries made, one is very important. A master chimney sweeper, against whom information was given, on being tied up to the halberts and flogged, confessed that he had been lately in the habit of visiting a prisoner of the name of Stockdale in Kilmaham; that at dinner and afterwards he had been placed in the Chair; that he had been employed to set fire to the Castle of Dublin, and the Parliament House, by placing combustibles in the flues and chimneys. The conduct

The following paper was yesterday read by order of the House of Commons, at each Mass, in all the Churches of the diocese:—

In the present awful and alarming period, when every good subject, every good Christian, views with pain and horror, the desperate and wicked endeavours of irreligious, and rebellious agitators to overturn and destroy the Constitution; we should deem ourselves minimal in the sight of God, did we not in the most solemn and impressive manner remind you of the solemnity of violating the laws of our country, and of attempting by insurrection and murder, to subvert the Government of our gracious King, to whom the allegiance we consciously owe in common with all our other fellow subjects, has been, with regard to most of us, solemnly attested in the presence of God, by the religious bond of an oath.

Let no one deceive you by wretched impracticable speculations on the rights of man, and the majesty of the people, on the dignity and independence of human nature, on the abstract duties of superiors, and exaggerated ideas of authority; fatal speculation! disastrous theories! more subversive of social order and happiness, than the destructive of every principle of the Christian religion. Look at the origin and progress of these detestable theories. Their atheistical authors, seeing the intimate connection between religious and civil principles, with the envious malignity of demons, the mutual support they afforded each other, for the spiritual and temporal advantage of man; and accordingly prepared a dreadful career of anarchy, by the propagation (fatal, alas!) of impiety and licentiousness.

We bitterly lament the fatal consequences of this unchristian conspiracy. But surely, my brethren, no known attachment to the principles of religion ought to have preserved you from the destroying influence of such complicated wickedness. Yes, dear Sir, it is to the benign principles of the Christian religion that we recall your serious attention at this important crisis. They will shield you from the evils which surround us. Submission to established authority, and obedience to the laws, are amongst the duties printed by religion.—Every violation of these duties is criminal. Wherefore, if any amongst you have been unfortunately seduced into a continuation against the state, under any pretext whatever, you are bound conscience instantly to withdraw yourselves from it, by sincere repentance, and future loyal conduct, atone for your past sinful temerity. Without this sincere sorrow and promise of amendment, you cannot expect solution in the tribunal of penance, nor mercy from Government. Neither one nor the other is extended to impenitent sinners, or offenders, without profanation of justice.

Resolve then we beseech you, to deliver up your arms of every kind, without delay or reluctance, to those appointed to receive them. Unite with all ye loyal and peaceable fellow-subjects, to put down at once the wicked spirit of insurrection, so disgraced to the character of Irishmen. It has already produced the most horrid effects. Assassinations, murders, atrocities of every kind have been committed. Let not a moment to manifest your detestation of the principles and causes leading to such consequences. The shortest delay in complying with this religious duty will be justly considered as an indication of disobedience. You will be considered as enemies to the state, as subjected to a sudden death, under the operation of martial law, already proclaimed. Your property, your very existence are endangered by a suspicious or equivocal conduct. It must be open, candid, and decisive in supporting religion and the constitution.

We exhort you then, in the name and by the authority of JESUS CHRIST, whose will we are bound to obey and explain to you, to keep steadfast in the faith—to lead sober, righteous, and godly lives, giving offence to no one—to fear God and honour the King. May the gifts of the Holy Ghost, which the Church invokes this day on the whole body of the faithful, be your hearts with an ardent love of God and man—May the peace of God, which surpasses every understanding, preserve your hearts and minds in Jesus CHRIST. Amen. J. T. T.

Lord EDWARD FITZGERALD, and 40 others, confined for high treason, had notice served upon them, on Saturday, to prepare for trial on the 11th of next month.

The Judges spoken of to preside at the commission for the trial, are BARON GEORGE, the Hon. R. DAVY, and Mr SOLICITOR GENERAL.

Lord EDWARD FITZGERALD lies dangerously ill in the New Prison, inasmuch, that the surgeons deem it not safe to attempt extracting the ball, and the surgeons which are in his arm. He signed a will on Saturday last.

We learn that the towns of Dunboyne and Ballymore Eustace have been entirely burned down.
We hear from the county of Kildare, that Mr. SEAN, a gentleman upwards of twenty years agent to his Grace the Duke of Leinster, has been murdered by the insurgents. The murder of this unfortunate person was perpetrated with the most savage circumstances of barbarity.
Sunday a Proclamation was issued by the Lord Lieutenant and Privy Council, strictly forbidding commanders of ships from taking on board their respective vessels any persons whatsoever, without such persons having a passport signed by the Chief Secretary, or by some person properly authorized by him to grant such passport.
From the state in which the county Wexford is said to be, a large number of troops were this morning detached from this garrison; and, in order to keep them fresh and vigorous to go into action, they were conveyed in jaunting cars and on horses, pressed for the occasion. It was yesterday strongly rumoured that Gorey and another town in the county Wexford were in the hands of the insurgents, but this morning letters have been received in town which contradict this report.
The gallantry, cheerfulness, and zeal with which the military attend the calls of their Sovereign and the Country, claim the strongest terms of approbation; and at a moment's warning they march in every direction where their services are requisite; and that these services have hitherto been so effectual every honest heart must rejoice at.
On Saturday, two leaders of the rebels, WYNE and LAMON, were hanged on the Queen's bridge, pursuant to the sentence of a court-martial. The execution was extremely awful; the whole of the yeomanry corps attended it. The criminals confessed their crimes, and asked pardon of their injured country. They said, they both entered into a yeomanry corps, the more effectually to cloak their treason.
Sir JAMES DUFF has, by forced marches from Limerick, come up with the rear of the rebels, whom he has completely routed in that quarter, after killing 400 of them.
In the north—all is quiet, and likely to remain so; in Munster also, we believe that is the case, but the rebels have completely cut off our communication these few days. It is however expected to be open to-morrow, and good order is hoped for soon. Already 3000 of the infuriated people have been put to death; their leaders have much to answer for.
The rebels at the Curragh of Kildare have thrown down their arms, and surrendered at discretion, delivering up six of their chiefs, and 200 of inferior note. The rebellion seems at an end, and the sorrow and repentance of the insurgents complete.
From the Belfast News Letter of May 29.
Major General GORDON has called a meeting of the yeomanry in the county of Antrim, to be held on 30 June, upon matters of public importance. His exertions are equally honourable to himself, and beneficial to this part of the country.
Martial law was proclaimed through the principal streets of this town on Sunday last.
A Court-Martial continues to sit at the Market-house daily, for the trial of such persons as shall be brought before them.
We have authority to state, that 25,000 troops have been for some time, and still are at Liverpool and its neighbourhood, ready to embark for this kingdom, should necessity require it, at a moment's warning.
A considerable number of these troops, we are assured, arrived in Dublin Bay on Sunday.
Sunday the four companies of Belfast yeomanry entered upon permanent duty; and this day they mounted guard for the first time.
Various persons were taken up on Sunday night and last night, and confined in the Market-house, for being found in the streets after nine o'clock at night.
Yesterday two men were brought in prisoners from Ballymoney. They were escorted to town by a detachment of the Carrickfergus yeomanry.
A person of the name of JOHNSTON was this morning brought in prisoner from Derrigally, by a party of the Carrickfergus yeomanry; he was this forenoon sent to Carrickfergus jail.
Some prisoners were also brought in to-day from Newtownards.
A car load of arms was yesterday brought into this town from the county of Down.
About 400 stand of arms have been delivered up in consequence of Gen. NUGENT's proclamation.
This forenoon some concealed arms were found in a carpenter's stores in Donegall-street.
Proceedings of a Garrison Court Martial held at Belfast the 28th day of May 1798, by order of Major General NUGENT, for the trial of such prisoners as shall be brought before it.
JOHN KELSO, inhabitant of Belfast, was produced, accused of having concealed arms.
From the evidence it appeared, that the prisoner had said on Saturday evening to a person, whose word, witness said, could be relied on, that he expected to be called on by his friends that night, and prisoner swore that he was ready and well prepared to go with them and join them; that he had arms, and buried a pitch-fork at the foot of his bed; that he had a bayonet hid over his bed, in the feathers, and that he had the belt flick that could be found. These things were searched for and found in the places above described. It also appeared that the prisoner attempted to make his escape while the guard were searching his house, but after some resistance he was apprehended. It was also proved, that on securing the prisoner, he was asked if there were any concealed arms in the house; that some one in the house answered there were no such thing there. The arms found in the prisoner's house were produced in Court, and identified by witnesses.
The prisoner in his defence acknowledged that the arms produced were his property.
The Court having duly considered the evidence against the prisoner, and his defence, were of opinion that he was guilty of the crime alleged against him; and according to the powers vested in them by the late proclamation for the suppression of rebellion, sentenced him to receive 800 lashes.
General NUGENT having approved the above sentence, it was put in force yesterday about two o'clock; two hundred lashes only were inflicted.
Another person was flogged at same time upon Kelso's information.

The following notice has been this day signed by the inhabitants in general:
We whose names are hereunto subscribed, inhabitants of the town of Belfast, feel ourselves called upon as men, warmly attached to the interest of our town; and anxious to be instrumental in securing its tranquillity and safety, to require every person who has a knowledge of the place where the six field pieces, formerly attached to the volunteer corps of this town, are deposited, to comply with the annexed notice from General NUGENT.
We conjure them to reflect on the consequences that might otherwise result to many of their friends and neighbours, and we solemnly remind them that the guns are the public property of the town, and that no engagement can warrant any person or persons in withholding them against the voice of the town, so fully convinced by the following subscription—[Names follow.]
"Major-General NUGENT gives this public notice that if any person will give information where the six field pieces, lately attached to the Belfast Volunteer Corps, are to be found, by an anonymous note addressed to him or to the Sovereign of Belfast, and put into the post office, on or before nine o'clock on Thursday night 31st inst. he pledges himself that no injury shall be done either to the premises where they may be found, or to the proprietor, of such premises, and he will attend himself to convey them away."
Belfast, May 28. 1798.
[FROM OUR LONDON CORRESPONDENT.]
HOUSE OF COMMONS, May 30.
MR. WILBERFORCE moved for leave to bring in a bill to empower Magistrates and Justices of the Peace in settling the assize of bread, to make an allowance, in consequence of the additional duty on salt.—Leave given.
MR. WM. DUNDAS moved for leave to bring in a bill to encourage the improvement of lands, subject to the servitude of thirlage in that part of Great Britain called Scotland. Leave given.
DUEL BETWEEN MR. PITT AND MR. TIERNEY.
MR. WILBERFORCE said, he rode to give notice that it was his intention, on an early day, perhaps on Tuesday next, to bring forward some proposition relative to a transaction which lately took place, and in which one of his Majesty's Ministers and another member of that House were concerned. He meant the affair which occurred on Sunday last.
MR. TIERNEY asked what was the object the Hon. Gentleman proposed.
MR. WILBERFORCE replied, that he had yet had an opportunity of conversing with but very few of the members of the House on the subject, and therefore had not determined to what extent his motion ought to go. It was not in his power to give any more explicit notice at present.
MR. PITT was not present during this conversation.
The House went into a Committee on the petition of Mr. CLEGG and other brewers in Edinburgh, against the bill for continuing the duty of two pence on Scotch beer brewed within that city.
The report was ordered to be received to-morrow.
LAND-TAX.
The third reading of this bill being moved, it was opposed by Lord SHAFFIELD, &c.
House left sitting.
The intelligence from Ireland this day is so far favourable, as it announces that many of the rebels have surrendered to the King's troops, and thus prevented the effusion of more human blood. We sincerely hope our next accounts will announce that the rebellion is completely suppressed.
In all the actions that have taken place, the King's troops have suffered very considerably, and it is estimated that not less than three thousand of the rebels have fallen.
The unhappy situation of Ireland has so engrossed the public attention, that no other news is enquired after.—We observe, however, that the Channel fleet has put to sea, in order to watch the motions of the Breil fleet.
On the 29th ultimo, at Crailing-house, the Lady of the Honourable Colonel FORBES was safely delivered of a son.
On Thursday was married at Newcastle upon Tyne, BENJAMIN BROWN DAVIS, Esq. of Antigua, to Miss DARNEL, daughter of William Darnel, Esq. of Newcastle.
Died on the 21st ult. at Broughton Loan, LEWIS BISSETT, aged 109 years and some weeks. He was born at Inverness, and followed his profession as a baker and brewer at Inverness and Tain, till about 12 years ago when he came to Edinburgh, where for the most part his dependance has been on the public.
General Sir RALPH ABERCROMBY is appointed Commander in Chief of the army in Scotland, in room of Lord ADAM GORDON who has resigned.
It is a fact, no less true than extraordinary, that duels have been fought by three persons now alive, who have been Prime Ministers of Great Britain, all in consequence of speeches made in Parliament, viz. the Marquis of LANSDOWNE (then Lord Shelburne) with Col. FULLARTON; Mr. FOX with Mr. ADAM; and Mr. PITT with Mr. TIERNEY.
The STRATHPEY, or GRANT FENCIBLES, at present quartered in Edinburgh Castle, are to be reviewed on Burnside Links on Wednesday next.
Two companies of the WEST LOWLAND FENCIBLES have arrived at the Castle. This regiment is to replace the Strathpey Fencibles.
Thursday, an excellent discourse was preached before the Society for Propagating Christian Knowledge, by the Rev. Mr. JOHN JOHNSTONE, Minister of Cross-michael, from Acts xvii. 6. 7.—A liberal collection was made, to purchase books for poor scholars.
Amidst the rejoicings which take place on the anniversary of his Majesty's birth-day, we have frequently observed many lamentable accidents happen, by boys amusing themselves with gun-powder. Retailers of this article should not sell it to persons of this description, and parents and masters should be equally on their guard, to prevent those under their care from such kind of diversion.
The balloting of the militia at Kilmarnock, Ayr, and Maybole, took place on the 24th ult. and was conducted with the utmost peace and regularity, much to the satisfaction of all parties interested. Similar accounts are received from different parts of the country.

A quantity of very excellent potatoes were dug in the garden of Mr. JAMES DARRYNES, at Falkirk, on the 24th ult.
On Sunday morning last, a boy of about thirteen years of age was swimming in a deep pool near the Old Bridge, Glasgow, he was seen to sink, and rise several times, and at last remained at the bottom. JOHN STEWART, a cabinet-maker, saw him from the edge of the water, ran in with his clothes on, and finding the place very deep, he threw off his clothes, dived to the bottom, which was upwards of twelve feet, and brought out the body, which he carried to a house in Gorbals. A medical gentleman, a member of the Humane Society, immediately went to him; and after persevering in the means recommended by the Society for nearly three hours, the boy was perfectly recovered. What renders this circumstance more uncommon is, that the same boy, about six years ago, was restored to life by the exertions of some members of the Humane Society; so that he owes his life twice to this useful institution. The Society has rewarded John Stewart, who took out the body, and likewise the person who received it into his house.
The Anniversary of his Majesty's birth is to be celebrated on Monday by the Royal Edinburgh and Leith Volunteers, as last year. The different corps, after parading regimentally, are to assemble and form as under:
The R. E. V. Light Dragoons will form in South St. Andrew's Street, fronting the East, with their right in a line with the corner of Prince's Street, and having the street clear in their front.
The Royal Edinburgh and Mid Lothian Artillery will form on the left of the Cavalry, and in a line with them.
The First Regiment of Infantry will form in a close column of sections fronting the east, along the fourth side of St. Andrew's Square.
The first battalion of the Second Regiment will form a close column of sections in the rear of the First Regiment.
The Royal Highlanders will form, in a similar manner in the rear of the first battalion, Second Regiment;—the rear of these battalions extending into George Street.
The second battalion of the Second Regiment will form, in the same order, in the rear of the Highlanders.
The Leith Volunteers, in the same order, in the rear of the whole.
The brigade will be ready to move from the general parade exactly at 12 o'clock, and march to Leith links, the column opening from the front in succession.
The brigade to form line on Leith links, in the order of march, and take open order.
The Artillery to fire a Royal salute. The line then to fire three volleys in the air, by battalions, from flanks to centre.—The First Regiment to fire by wings, as if two battalions.
The line then to march past by companies, in ordinary time.
After the head of the column has passed the General to a proper distance, the column to close to the front, and the companies as they close, to order arms. When the rear is past the General, and the close column formed, the whole to halt, and then to move in quick time, the column again opening to the front, and the left sections doubling off to the rear, as the column opens.
At the foot of Leith Walk, the Leith Volunteers may break from the column, and file off through the Kirkcaldy.
The rest of the column to march back to Edinburgh, and form line in Prince's Street, by wheeling to the right by sections as they come up—Cavalry and Artillery to form fronting the Register Office. The different battalions then to be dismissed.
KING'S BIRTH-DAY.
THE LORD PROVOST strictly orders, that no Carts or Carriages, on any account whatever, shall come on LEITH LINKS, or the Roads crossing it, after twelve o'clock, on Monday the 30th inst; and if any are found transgressing, both Owners and Drivers will be severely fined. The Public will be the necessity of this order, as every party of the public will be, at different times, occupied by the troops.
Spectators, on foot or on horseback, to keep at least 400 yards from the front of the lines.

COUNTY OF PERTH.
IN a MEETING of the Noblemen, Freeholders, Commissioners of Supply, and Sheriffs of the COUNTY of PERTH, held at Perth the 31st May 1798,
His Grace the Duke of ABERCROMBIE in the Chair.
It was unanimously resolved,
That at the present important crisis it is a duty incumbent on every person to come forward with their best endeavours, and most vigorous exertions to maintain and defend our Religion, Laws, and Liberties against the attempts of an enemy aiming at the subversion of religion, the plunder of the country, the destruction of our commerce, and the complete overthrow of the British Constitution.
That this Meeting do approve of the measures which have already been taken by the Lieutenant of the County, under direction of the Lord Lieutenant, to carry into effect the spirit of Mr. Secretary Dundas's official letter for calling forth the resources and energy of the County of Perth, and particularly in so far as relates to the employing Volunteer Companies, to act, if necessary, in battalion.
That the Meeting pledge themselves to be aiding and assisting, as far as may be individually in their power, in the carrying into effect the enrolment and offer of service of those in their neighbourhood, and earnestly recommend to all ancient Militia to make every exertion, in order to enrol their respective tenantry. The returns to be transmitted to the Deputy Lieutenants of the District.
The Meeting further resolved,
To give every aid and assistance towards recruiting the Perthshire Battalion of Militia, after the ballot for 274 men takes place, until the said battalion be completed to the number of 500 men, in order and by that means to prevent any necessity arising for any further ballot taking place to recruit the same.
The Meeting having taken into consideration the propriety of petitioning Parliament to raise the whole supplies necessary for carrying on the war, during this arduous and perilous contest, by calling for an equal proportion out of the clear annual income of each individual in the state,—they approve of the same, and recommend the further consideration thereof to the General Meeting of the County, to be held at Michaelmas next.
The Lord Lieutenant laid before the Meeting an account of the voluntary contributions from several of the landward parishes in this county already notified to him, and paid into the Bank at Perth, amounting to 496l. 3s. 7d. exclusive of subscriptions from the parish and town of Perth, and first battalion of Royal Perth Volunteers, to the extent of 2845l.—45s. 6d. of which the Meeting authorized his Grace to remit to the Bank of England. Besides which very large contributions both in London and Edinburgh had been made by Noblemen and Gentlemen of the county at an early period, of which a more particular account is meant to be published along with the name of every subscriber to a measure so honourable to themselves as individuals, and to the county in general to which they belong.
The Meeting lastly resolved,
That the thanks of this Meeting be given to his Grace the Duke of Athol, Lord Lieutenant of the county, for his great exertions upon every occasion, for calling this Meeting, and for the very important communications made to the Meeting this day relative to the defence of the country.

LANDS IN THE COUNTY OF PERTH.
To be sold by public roup, within the Royal Exchange Coffeehouse, Edinburgh, upon Wednesday the 4th of July next, at seven o'clock evening.

THE LANDS AND ESTATE OF LAURESTON, and MILN and MILN LANDS OF TROTICK, lying in the parish of Longforgan, and three of Perth, about eight miles west from Dundee, and three from Polgarvie, a shipping point in the Carle of Gowrie.

The lands consist of 300 acres or thereby, of which nearly 80 are under plantation, chiefly about twenty years old, in the most thriving condition. This property commands an agreeable view of the river Tay.

The lands hold of subject superiors, for payment of very trifling fees.

There is a good mansion-house on Laureston, and a garden, consisting of about three-fourths of an acre, inclosed with high walls, covered on both sides with fruit trees of the best kinds. The steadings and office-houses are in good repair, and there is an excellent stone quarry on the estate.

The lands of Laureston having been in the natural possession of the proprietor for several years, are in a high state of cultivation.—The Mills and Mill Lands of Trottick, with some acres of Laureston attached to it, are let to a tenant, whose lease expires at Martinmas 1799, when a very considerable rise of rent may be expected.

The tenants of Laureston were valued in the year 1779, previous to the improvements having been made.

For further particulars apply to Mr Thomas Mawer, writer in Dundee, or James Campbell, writer to the signet, who will shew the title deeds, plan, and rental of the estate, with the articles.

The premises will be shewn by Mr Ebenezer McKillop, schoolmaster in Aberystwyth, near Laureston.

ESTATE OF DELGATY FOR SALE.
To be sold by public roup, within the Royal Exchange Coffeehouse, Edinburgh, the 20th day of August next, if not previously sold by private bargain.

THE LANDS, BARONY, and ESTATE OF DELGATY, (except that part to the west and north of the burn of Knockmillyn, and a line dividing Burnside from Hilltown, and running from the head of said burn northward to the march in Redmoils.) This estate comprehends the Mains and Manor place of Delgaty, the town and lands of the burgh and barony of Turfiff, with the mills and millraces thereof, and mill and mill lands of Gath, &c. all lying within the parishes of Turfiff and Monquith, and county of Aberdeen, together with the Rights of Patronage of the Church and School of Turfiff.

These lands are of great extent, containing several thousand acres, are capable of much improvement, lying within ten miles of the ports of Macduff and Banff, from which they are supplied with lime and coal. The whole estate is well accommodated with mofs. The estate holds of the crown, and the valued rent is 2200l. Scots. The present gross rental, converting the vicual and customs at a reasonable rate, is about 1700l. Sterling. The public burdens are moderate.

The mansion-house is a noble old building, substantial, commodious, and in complete repair, equal to the accommodation of any family, with a large and elegant court of offices, lately built, containing every useful accommodation. There is around the house considerable plantations of full-grown trees, and more than 600 acres of thriving young wood of all kinds. Few villages can be better situated than the town of Turfiff for manufactures of every kind, as there is a great command of water, sufficient for any machinery.

The value, advantages, and situation of this large and extensive estate are so well and generally known, as to require neither description nor embellishment in a newspaper.—A property so desirable in every respect seldom appears in the market.

Part of the price will be allowed to remain on security, and the remainder will be accepted of by such instalments as may suit the convenience of a purchaser.

Charles Begry, ground officer at Delgaty, will shew the lands and marches, and any person desirous of further information may apply to the proprietor at Troup-house, to John Burnett, Esq. of Ellrich, by Aberdeen, or Maxwell Gordon and John Morrison, writers to the signet.

AYRSHIRE.
To be SOLD, in one or separate lots, at Ayr, on Friday the 17th of August next, at one o'clock afternoon.
THE LANDS and BARONY of BLAIRKILPATRICK, lying in the parishes of Strathclyde and Kirkcubright, and county of Ayr. The estate, which is contiguous, consists of above 8000 acres Scotch measure, 4683 of which are arable, and almost the whole of the property is inclosed and subdivided. There is a going coal, and three inexhaustible lime-quarries, with draw-kilns, in good order, upon the lands, besides coal and lime in many of the farms. There are also several extensive and thriving woods; and a considerable quantity of fine old timber round the mansion-house. The estate affords Sixteen Freehold Qualifications.

For particulars, application may be made to Thomas Smith, writer, Argyle Square, Edinburgh, to whom those wishing to make a private bargain, betwixt and the day of sale, may apply.

SALE OF THE ESTATE OF SLAINS, IN ABERDEENSHIRE.
TO BE SOLD.

THE EXTENSIVE and VALUABLE ESTATE of SLAINS, consisting of upwards of 6200 acres, the greatest part of which is capable of high improvement, lying along the sea coast in the fourth extremity of that district of Aberdeenshire called Buchan, 14 miles north from Aberdeen, and to south from Peterhead; the road betwixt which places, by Waterlaid, runs thro' the heart of the estate.

If not sold together, it is proposed to expose it to sale in lots.—Other particulars, as to the estate and time of sale, will appear in a future advertisement.

Application in the meantime may be made to John Alexander Higgins, W. S. Edinburgh.

SALE OF LANDS IN PERTSHIRE.
On Wednesday the 27th day of June 1798, between the hours of one and two afternoon, will be exposed to sale within the Royal Exchange Coffeehouse, Edinburgh—

THE LANDS OF EASTER and WESTER CARRIES, with the SALMON FISHINGS and Ferry Boat belonging thereto, and the Teinds, Parsonage, and Vicarage of the said lands lying in the parish of Abernethy, and shire of Perth.

These lands, consisting of about 136 Scots acres, are of a very rich and valuable soil. There is a convenient Farm House with suitable offices built upon them, and as the whole are now out of lease, the purchaser may enter to possession at the term of Martinmas next.

The articles of sale and title-deeds of the lands may be seen in the hands of Alexander Duncan, writer to the signet.

LANDS IN THE COUNTY OF DUMFRIES.
To be SOLD by public roup, within the Royal Exchange Coffeehouse, in Edinburgh, between the hours of one and three afternoon, on Wednesday the 20th of June next.

THE FOLLOWING LANDS AND ESTATES:
I. **THE ESTATE of GRATNEY, with the Teinds and Fishings, lying in the parish of Gratney, consisting of above 800 Scots acres.** The present rent is L. 481. 3s. exclusive of the fishings, and by the rise upon one farm, the rent after Martinmas next will be 501. 8s. This estate holds of the Crown, and being valued in the cess books at 800 marks, affords an undoubted Freehold Qualification. The great roads from Portpatrick to London, and from Glasgow to London, run through the lands, and join at the well-known village of Gratney Green in the heart of the estate. The lands and sea-port of Highford, at the mouth of the river Sark, and the Solway Frith, are part of the estate, and the proprietor has there a right of salmon fishing. This estate is now wholly inclosed and subdivided, and the fences in very complete order, and there are remarkably good farm houses on the different farms. But the principal farms of the estate were let in the 1784, upon leases for 21 years, before these improvements took place, without any progressive rent, and are possessed by opulent and skilful tenants. The mansion-house of this estate is at present occupied as an inn;—but being large, and having been lately thoroughly repaired, is well suited for the accommodation of a genteel family, having good offices, a garden, and orchard, and being surrounded by a considerable quantity of full grown trees.

II. **The Seven Merk Land of old extent of FLEMING, with the teinds of the same, lying in the parish of Kirkpatrick Fleming, consisting of 339 Scots acres.** Most of these lands are let upon improving leases for twenty-one years from Candlemas 1793. The present rent is 143l. 2s. 6d. which rises progressively in a few years to 168l. 13s. 6d. The farms are inclosed, and partly subdivided with thriving hedges. The turnpike road from Glasgow to Carlisle passes through these lands, and they are only three miles distant from Gratney. They hold of the Crown, and are valued separately in the cess books at 250 marks. There is no stipend at present payable out of these lands.

III. **The Lands and Estate of REIDHALL & CALVERTS, HOLM, with the teinds thereof, lying in the parish of Kirkpatrick Fleming, consisting of nearly 500 Scots acres, of which 200 acres are in thriving plantations. These lands join with the estate of Gratney. The great road from Glasgow to Carlisle runs through them. They were in general let for 21 years from Candlemas 1793 upon improving leases. The present rent is 308l. 17s. 6d. which rises progressively to 364l. 17s. 6d. The farms are well inclosed with thriving hedges, and the farm houses are commodious and substantial. There is no stipend at present payable out of the lands. They hold of the Crown, and being valued in *cumulo* along with other lands, it is supposed they will afford a Freehold Qualification. The vice Patronage of the parish of Kirkpatrick Fleming will be sold along with these lands.**

This lot includes the Mill of Redhall, rented at 20l. which will either be sold therewith or separately, as shall be judged most agreeable to purchasers.

IV. **The Lands of HAIRGILLS and DODEND, in the parish of Hoddam.** They consist of 252 Scots acres, and are let on an improving lease for 20 years from Candlemas 1794. The present rent is 85l. which rises progressively to 95l. The lands are completely inclosed with a stone dyke, which, with the farm house, is very substantial. They are valued in the cess books at 150 marks, and hold of a subject superior.

V. **The Lands of MINSKA and RISPILL, lying in the parish of Middlebie, consisting of 472 Scots acres.** There is a thriving young wood upon part of the lands. They are let to a substantial tenant for 60l. of rent, upon a lease which expires in eight years from Whitunday 1798. They hold of the Crown, and are valued in *cumulo* with other lands.

VI. **The Lands of GREENGATE-HOUSE, lying in the parish of Middlebie.** They consist of 165 Scots acres, and are let upon an improving lease, for 21 years from Whitunday 1793. The rent at present is 50l. which rises progressively to 58l. They hold of the Crown, and are valued in *cumulo* with other lands.

VII. **The Lands of DOGSLACKS, lying in the parish of Middlebie, consisting of 43 Scots acres, let upon an improving lease, for 21 years from Whitunday 1793. The present rent is 16l. which rises progressively to 21l. These lands hold of the Crown, and are valued in *cumulo* with other lands.**

VIII. **The Burrow Roods of STAPLEGORDON, lying in the parish of Langholm, and within two miles of the thriving town of Langholm.** They consist of 26 Scots acres, and are out of lease.

The present rent is only 7l. but the land being of good quality, and the rent not having been raised for many years, a very considerable additional rent may be expected. They hold of the Crown, and are valued in *cumulo* with other lands.

The public burdens affecting these lands are inconsiderable. The whole of the lots are very low rented. By the report of gentlemen of undoubted skill and integrity, employed to survey them, many of the farms would, if out of lease, bring double the present rent, some of them considerably more.

The lands will be shewn by the different tenants, and for further particulars, application may be made to Mr William Stewart, at Hillside, near Lockerbie—Mr Keith, accountant in Edinburgh—or Mr Cranford Tait, W. S. Edinburgh.

The articles of roup, title-deeds, and plans of the lands, will be shewn upon applying to Mr Keith or Mr Tait—to either of whom, or to Mr Stewart, private offers may be made prior to the day of sale.

N. B. Most of the leases contain various reservations in favour of the proprietor, particularly power to resume ground, to grant fens or long leases thereof for building villages, erecting manufactures, or any other purpose the proprietor shall think proper, upon allowing the tenants suitable abatements from their rents.

SALE OF AN ESTATE IN THE COUNTY OF MORAY.
To be SOLD by Private Bargain, **THE LANDS and ESTATE of BLACKHILLS, lying in the parish of Elgin.**

The Estate of Blackhills consists of about 680 acres, whereof 284 are arable, and of highly dry quality, great part of the muir ground is capable of improvement at a very inconsiderable expense, being within the easy reach of the best home-made lime, which can always be procured on the most moderate terms. As the building of a bridge over the river Spey is likely soon to take place, it will render the property extremely more valuable.

On the estate are upwards of forty-seven acres of plantations, of different kinds of wood, about 30 years old. These plantations are divided by a beautiful lawn, in the middle of which is a rivulet which drives a mill on the estate, and abounds in trout.

The estate of Blackhills carries a right with it, in common and property to several thousand acres of valuable muir and hills in the neighbourhood.—A great part of them are capable of improvement, and they abound with game of all kinds.

The place of Blackhills lies in the parish of Elgin, and a moderate distance from the harbours of Lymouth and Garmouth, and village of Fochabers, to all which places there are good roads and easy access. The site of the mansion-house commands a beautiful prospect of the country, along the Moray Frith, on both sides, for upwards of 40 miles.—The climate is admitted to be the best in Scotland. The mansion and office-houses are surrounded with grown timber.

There is also on the premises, an orchard and two gardens, planted with fruit trees of the best kinds, and a well stocked pigeon house. In short there is not a more eligible and healthy situation in Scotland for a gentleman's residence, either in the view of pleasure or profit.

The present free rent, after all deductions, is above L. 240, sterling per annum, but as many of the leases expire in a few years, a considerable addition may be looked for. The teinds are valued and exhausted.

Intending purchasers may apply to Sir Archibald Dunbar of Northfield, Baronet, residing in Elgin, the proprietor, or to Archibald Dunbar, W. S. who will shew the title-deeds which are regular and ditin'd.

JUDICIAL SALE OF CULROSS.
UPSET PRICE REDUCED TO £19,000 STERLING.
THE LANDS and ESTATE of CULROSS, with the COAL and SALT WORKS, Feu-duties and Right of Patronage, &c. as formerly advertised, at 21,402l. 6s. 6d. 8-penns are to be exposed to sale by auction, within the Parliament New Session House of Edinburgh, by authority of the Lords of Council and Session, on Wednesday the 13th day of June next, betwixt five and six o'clock afternoon, at the reduced upset price of 19,000l. sterling.

There are upwards of 500 acres of arable ground in the premises, besides muir ground. A Garden containing 12 acres, and 8 acres of planting around and near the mansion-house. The Parks of Abbey, Byreside, Woodhead, and Gaggie, which is contiguous to the mansion house, are all in grass.

The rent for the current year is only about 450l. but as the parts of the estate under grass are let from year to year, and the other farms on leases for three years, some of which expired at Martinmas last, a considerable rise of rent may be expected on leases of longer endurance.

The mansion house is an elegant building, of excellent workmanship, pleasantly situated, commanding a most extensive view of the Frith of Forth, and surrounding country, and the coal and salt works may be wrought to considerable advantage.

The estate holds partly of the Crown, and partly of subjects superiors, and stands valued in the cess-books at 492l. Scots. The teinds are valued, and all exhausted by the stipends allocated, and payable to the present ministers.

The tenants will shew the lands, and the gardener the mansion-house and garden.

The conditions of sale, and proven rental, with plans of the estate and coal works, are in the office of Mr Bruce, Depute-Clerk of Session; and Robert Watson, writer, Park Street, agent in the sale, will furnish intending officers with printed copies of the memorial, and abstract of the proven rental, and give all further necessary information.
